

ACTIVITY SHEET 1:

Matching Careers to Courses

Outcome: You will understand the range of post-18 options available (Bachelor's degrees, Higher Technical Qualifications, etc.).

Instructions:

- Below is a list of career goals and a list of different course types.
- Match each career with the most suitable type of course (e.g., Bachelor's degree, Higher Technical Qualification, Apprenticeship).
- Write down a brief reason for why you think this course is suitable for the given career goal.

Task: Draw a line connecting each career goal to the appropriate course type. Provide one reason for why you think this course is suitable for the given career goal.

Career Goals

Software Developer
